**Property Location:** \_\_\_\_\_

**Purpose:** \_\_\_\_\_

**Approximate Amount of Disturbance:** \_\_\_\_\_ **Date of Construction:** \_\_\_\_\_

In lieu of submission of a complete Erosion and Sediment Control Plan for the construction of single family dwelling at the above stated location, I agree to comply with the requirements deemed necessary by the Clarke County Planning and Zoning Department. Adequate control of erosion and sedimentation by temporary and permanent control measures shall be implemented during all phase clearing, grading and construction in conformance with the *Minimum Standards in the Virginia Erosion and Sediment Control Handbook and the Clarke County Erosion and Sediment Control Ordinance, including:*

**Silt fence installation and Construction Entrance must be installed at the start of construction in conformance with the Virginia Erosion and Sediment Control Handbook standards. All denuded areas on the lot must be stabilized within 7 days of final grading with permanent vegetation or a protective ground cover.**

Applicant is responsible for the disposing of any fill materials from an offsite area, such as soil, rocks, etc. and must notify Zoning department where materials are coming from and that it is clean and uncontaminated.

I understand that failure to comply with such requirements within five (5) working days following a notice to comply by Clarke County could result in legal action for a violation of the Clarke County Erosion and Sediment Control Ordinance as adopted in the Clarke County Code. In addition to legal action, a stop work order may be issued and a revocation of the land disturbance permit may occur. The applicant further agrees that an agent of Clarke County shall be permitted entry to the site for all land disturbing inspections. In addition, Clarke County retains the right to require an Erosion & Sediment Control Plan at a later date if deemed necessary.

**I hereby accept these conditions as witnessed by my signature.**
