**ADDENDUM # 002 for RFP #20-0929 DIGITAL LOGGING RECORDER**

In order to answer some questions that we have received in response to RFP #20-0929, the Clarke County Purchasing Office is issuing this Addendum #002.

**Vendor Question #1: Section V, Section F, Item 1 states that there are seven IP/digital radio channels. Can we get a better description of the radios to be recorded? What radio consoles are being used? Who is the radio manufacturer?**

*Answer #1: Motorola Elite version 19.4.43 Mcc7500E 19.4.43*

**Vendor Question #2: Is the radio IP traffic encrypted?**

*Answer #2: Two of our channels are encrypted.*

**Vendor Question #3: Is Clarke County doing Quality Assurance Evaluations on call takers/dispatchers? Are you interested on Quality Assurance evaluation tool within the recording system? Would Clarke County be interested in a CAD integration with Southern Software (not screen recording)?**

*Answer #3: We currently use a QA product from PowerPhone. We are not in need of CAD integration.*

Please be sure to complete the bottom portion of this and include a signed copy with your proposal form.

+++++

PRINT, PLEASE:

Yes, I acknowledge receipt of this addendum #001 for the RFP #20-0929.
