ADDENDUM # 001 for IFB #26-0519

In order to answer a question received from a vendor, the Clarke County Purchasing Office is posting this Addendum #001 for IFB #26-0519.

Question #1: At the connection point to pumps, do we need to put a NEW pump assembly on or just connect as drawings show? I ask because the detail on drawings show additional items will be required.

Answer #1: The existing pump assembly is to remain.

Please complete the bottom portion of this addendum and include a signed copy with your bid.
