ADDENDUM # 001 for RFP #26-0519

In order to answer some questions received, the Clarke County Purchasing Office is posting this Addendum #001 for RFP #26-0519.

Question #1: Please confirm whether the County will accept bids from companies that are not affiliated with the International Union of Elevator Constructors (IUEC). We utilize only certified, union-affiliated elevator technicians, which may result in higher labor costs compared to non-union providers. Clarification on this point will help ensure proposals are evaluated on an equitable basis.

Answer #1: The County will accept proposals from firms that are not affiliated with the IUEC.

Question #2: The RFP contract does not have any mention of obsolescence, and with you having two units that are 25+ years, old, and 2 others that are approaching 20 years old, contractor would like to have something in the RFP that says that obsolescence will not be covered by contractor.

Answer #2: If parts for any of the elevators or chair lift become obsolete or increasingly difficult to find, the selected vendor will notify the Joint Maintenance Director and discuss a resolution to the issue.

Question #3: Would amendments to the insurance language be acceptable?

Answer #3: No, amendments to the insurance language will not be acceptable.

Please complete the bottom portion of this addendum and include a signed copy with your bid.
